Antinoë®

Part of «en tous cas»
new collection of publishing papers

We made a selection of heavy grammage papers with a natural grain surface : deep or ultra-smooth.

These papers made on felt utilize all the know-how and the commitment of our craftsmen and paper-makers.

They offer the most beautiful surfaces from the precious state of a brilliant white to a delicate creamy ivory.

Antinoë® is a high-end publishing paper with an outstanding velvet touch. The softness of its surface evokes cotton, its texture is an exquisite delicacy.

Antinoë® is dedicated to demanding projects.

HP Indigo certification on request.

160 - 550 gsm

Applications

Publishing, corporate communication, letterhead, covers and sleeves, greeting and invitation cards.
